Raiders Dub Bees 82-62

The Appomattox Raiders cooled off the red-hot Brookville Bees last Friday night 82-62 in a Seminole District basketball game played at Brookville. The win gives the Raiders a 9-1 overall mark and they are undefeated in the District with a 6-0 mark. Brookville mark is now 6-3 overall and 5-3 in the district.

The Raiders got off to a 22-25 lead at the end of the first quarter after the lead had changed hands several times in the opening minutes. In the second quarter it was no contest as the Raiders outscored Brookville 27-12 for a 49-27 halftime lead. Appomattox then upped its lead to 66-42 at the end of the third quarter. The Raiders led by as many as 26 points at one time and the Bees couldn't get any closer than 18 after the half.

Appomattox seemed to have a man hit in every quarter as Bobby Layne scored 10 points in the opening period. Leon Robinson ripped the nets for 17 in the second quarter, Kenneth Gafford had 10 in the third and Sammy Waddell hit on three long jumpers in the fourth quarter for six points.

The Raiders were hot all night as they hit 51% from the floor to only 38% for the Bees. Appomattox came up with 40 rebounds to 30 for the Bees and forced Brookville into 28 turnovers to 25 for themselves. A big difference was in recoveries as Appomattox came up with 16 loose balls to only five for the Bees.

Leon Robinson led the Raiders and was high scorer for the game with 26 points, as he hit 12 of 19 from the floor, including eight for eight in second quarter. Kenneth Gafford was next as he hit on 11 of 29 for 22 points and Bobby Layne was the other Raider in double figues with 19. Sammy Waddell was next with eight and Mark Eggleston had six. Robinson had 13 rebounds, Layne 10 and Gafford eight and Dennis Totty five and two blocked shots to lead the Raiders in that department. Gafford also had six steals in the game and also had quite a few assists as he caught Robinson open time and time again in the second quarter for the open shot as he played one of his best games this year.

Brookville had three men in double figures as Robert Shepard led the way with 25 points and 10 rebounds. Mike Blanks was next with 15 and Scott Myers had 10.

The Raiders take on Gretna Friday night at home.

Attended Regional Band

On Saturday, January 6, 1973, six members of the Appomattox County High School Band, accompanied by Mr. Frank Coffey, director, attended Regional Band Tryouts held at Robious Junior High School in Chesterfield County.

Shown from left to right, Debbie Rush, David Jones, Teresa Hamilton and Bryan Selz were all chosen for the concert band.

Billie Brightwell and E. W. Paulette accompanied the group and experienced the excitement of the day. Though few band members participated in the Tryouts, all that did try out made the concert band.

These students will go to Clover Hill High School, also in Chesterfield County, on the week end of February 2nd – 4th to practice and present a concert on Sunday afternoon, February 4th.

We commend these students for their fine performance in representing Appomattox in the Regional Tryouts. Members trying out were judged on tone, sight-reading and scales.

Sign-Up For Farm Programs Opens Feb. 5

With sign-up in the 1973 feed grain, wheat, and cotton programs due to open in less than three weeks, Appomattox County producers have many decisions to make, reports James R. Ford, Jr., Agricultural Stabilization and Conservation (ASC) county committee chairman.

"In these coming weeks, each producer with a feed grain base or wheat or cotton allotment must make his individual decisions on whether to participate in the programs, and, if so, what plans to choose among those that are offered.

"Judging by past years, somewhere from 65 to 70 percent of Appomattox County farmers will sign up in one or more of the programs - in round numbers, between 825 and 550," the Chairman said.

Sign-up for the 1973 feed grain, wheat and cotton program is scheduled February 5 through March 16 at the County ASCS Office.

Participants in the feed grain set-aside program will decide whether to sign up for the 20% plan or the 15% plan. Wheat producers must determine whether they want additional set-aside beyond that required for participation.

"Those are the main programs decisions a farmer will make, once he decides to be in one or more of the programs," Mr. Ford said, "but his entire farm operating plan for the year is tied in with his decisions on farm program participation.

"Before he signs ups, he will want to know what land he is going to set aside if he's in the feed grain or wheat programs, and he will have decided what crops he's going for – whether he will substitute crops, whether he will grow an alternate crop on his set-aside land and take a payment reduction."

Substitution is continued in the 1973 farm programs, the ASC committee chairman pointed out. He explained that substitution means a producer may choose among the following crops – corn, grain sorghum, barley, wheat, soybeans – and still preserve his farm's base or allotment record, earn program payments, and be eligible for loans so long as he stays within other program requirements.

Alternate crops permitted on set-aside land, if a producer accepts a reduction in program payment, include sunflower, safflower, sesame, guar, mustard seed, castor beans, crambe, and plantago ovato.

"These and other details of the 1973 programs for feed grains, wheat, and cotton will be available to producers through leaflets and explanations offered by the ASCS county office before sign-up begins and throughout the rest of the year," Mr. Ford said.
